## MEMORANDUM

TO: Reporters and Editors  
FR: Jill Gerber, 202/224-6522  
RE: Tax Rebate Checks  
DA: Tuesday, June 19, 2001

The Treasury Department has responded to Sen. Chuck Grassley's inquiry regarding agency preparations to ensure that the mailing of 95 million tax rebate checks will go smoothly. Congress approved the rebate checks via the comprehensive tax cut legislation enacted with Grassley's leadership as Finance Committee chairman. Grassley made the following comment on the agency's response.

"The Treasury Department and the IRS seem to be making adequate preparations for this major task. I'm glad to receive agency assurances that the mailing of rebate checks will go smoothly and that taxpayers will have a means to get their questions answered. I'll continue to monitor the agencies' work toward getting every rebate check to every deserving taxpayer, as Congress intended."
